The 'Star' Sign – New video from Share International, now on YouTube

On December 12, 2008, Share International Foundation announced that a “star-like luminary of brilliant power” would soon appear and be visible worldwide. Since then there have been hundreds of sightings of the 'star'. *Share International* magazine has received numerous photographs, while dozens of videos showing the 'star' have been posted on YouTube. The phenomenon has also been reported in the media, including Sky News.

Share International has produced a ten-minute film of this extraordinary happening, including photographs, video footage and media reports. It demonstrates how the 'star' moves, changes shape and emits rays of brilliant colors. The luminary is, of course, not a star per se, but one of four gigantic spacecraft, positioned so that one is visible from any part of the globe.

The 'star' heralds the emergence of Maitreya, the World Teacher, and his first television interview, due to take place in the USA. Maitreya will appear initially as an ordinary man and show humanity the changes which must take place to ensure the future of Planet Earth and its people. This event is imminent.

Benjamin Creme, the primary spokesperson for this information, will be speaking in New York, Los Angeles, and San Francisco July 25 – August 9. Details are available at <http://www.share-international.org/events/upevents.htm>.

Background information

For over 30 years artist, author, and lecturer Benjamin Creme has been preparing the way for the biggest event in history — the emergence of Maitreya the World Teacher and His group, The Masters of Wisdom. Millions of people around the world have heard his information and wait expectantly for this momentous event.

Since 19 July 1977 Maitreya has been living in the Asian community of London, England, gradually emerging before the public. Long awaited by all faiths under different names, Maitreya is the World Teacher for all people, religious or not.

Maitreya's 'roving ambassador' Benjamin Creme travels the world spreading his message of hope and creating a climate of expectancy for Maitreya's emergence. Trained and supervised over many years by his own Master, with whom he is in constant telepathic contact, Benjamin Creme has access to up-to-date information on Maitreya's emergence, giving him the total conviction needed to present this story to a sceptical world.

As a modern man concerned with today's problems, Maitreya works behind the scenes of our changing world. The outpouring of His extraordinary energy has been the stimulus for dramatic developments on many fronts: the ending of the cold war; the break-up of the Soviet Union; the unification of Germany; the ending of apartheid in South Africa; the growing power of the people's voice, leading to demands for freedom and justice; and the worldwide focus on preserving the environment.

Outwardly Maitreya has met with influential leaders from all fields, informing them of His solutions to our pressing problems. His message can be summarized as: "Share and save the world." He has not come to found a

new religion but as an educator in the broadest sense. He will seek to inspire humanity to see itself as one family, and to create a civilization based on sharing, economic and social justice, and global co-operation.

For those who seek signs of His coming, Maitreya has manifested miracles worldwide, touching the hearts of millions and preparing them for His imminent appearance.

With Maitreya and His group working openly in the world, offering Their guidance and teachings, humanity is assured not only of survival but of the creation of a brilliant new civilization.

According to Benjamin Creme, we do not have long to wait to see Him. Soon, Maitreya will be interviewed on major US television and His open emergence will begin.

Benjamin Creme regularly lectures worldwide, and appears on television and radio — in the USA alone he has been interviewed on more than 700 radio and television shows. He is author of 13 books — translated into 11 languages — and is editor of *Share International* magazine which circulates in 70 countries. He receives no payment for any of this work. Benjamin Creme offers a positive view of the future — *a message of hope for the world*.
